

GENERAL INFORMATION SHEET

As you know, Disability Services will soon be changing. We are working together with people with disabilities, their families and community sector organisations to make services better.

There will be some big changes. Disability Services want to make sure you understand what those changes are.

There will be changes to:

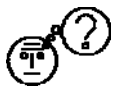

- Adult Respite Services and Children's Respite

- Day Support Services – now called Community Access

- Service Coordination

To help you understand the changes we have put together some information sheets.

You may need help to read this information.

You could ask a friend, family member, advocate or support person to help you.
